## Innovations in CPM - Stretching Your Preservation Budgets

Now more than ever, MDOT and local road agencies are being asked to stretch every transportation dollar. The legislature passed \$1.2 billion in new revenue and residents want to know when their roads will be fixed.

Adopting a pavement preservation plan allows local agencies to stretch available revenue, balancing priorities and expectations, while maintaining the maximum number of roads possible each year.

This workshop will provide the technical information agencies need to explore innovative solutions and recommend the right mix of fixes to preserve the paved road network.

## MRPA Annual City County Workshop

March 31, 2017  
8:00 am to 2:45 pm

**Comfort Inn and Suites Hotel and  
Conference Center**  
2424 S. Mission St, Mt. Pleasant, MI 48858

*MRPA thanks our education program sponsors:*  
**CRA, MML, APWA-MI and ACEC-MI**

# AGENDA

7:45 AM	<b>Registration Opens</b>	11:15 AM	<b>Staying Ahead of the Sliding Curve</b> Tried-and-true treatments and innovative methods can extend the serviceability and reliability of pavements. Rut filling, cape seals, scrub seals, Fibermat and creatively mixing fixes by adding interlayers are some of the strategies discussed in this session.
8:00 AM	<b>Networking Breakfast</b> Meet MRPA's members and associate members and learn about products and services offered. A buffet breakfast will be served.	Noon	<b>Networking Lunch: Lunch Provided by MRPA</b>
9 AM	<b>Welcome and Introductions</b>	1 PM	<b>Adding Service Life and Reliability to Distressed Pavements</b> Deteriorating road conditions have resulted in innovations. This session will cover solutions for longitudinal joint repair, flexible patching, and the various types of mastic sealants.
9:15 AM	<b>Keynote: Preventive Maintenance- Investing in the Future of Your Road System</b> Jerry Byrne, Kent County Road Commission Deputy Managing Director of Operations, will highlight how KCRC put CPM to the test, resulting in 67 percent of paved roads in good or fair condition.	1:45 PM	<b>Innovations at Work - A Local Agency Perspective</b> A panel of local agency experts will share their "secret sauce" to successful preventive maintenance programs. Panelists will share lessons learned from gaining support of the leadership and the community to building a budget and executing successful projects.
9:45 AM	<b>Keeping Roads in Good Condition</b> Keeping roads in good condition significantly reduces repair costs over the life of the road. Crack sealing, overband crack seal, fog seals and rejuvenators are some of the most cost-effective CPM treatments your agency can add to the toolbox.	2:30 PM	<b>Closing Remarks &amp; Door Prize Drawing</b>
10:15 AM	<b>Morning Break</b>		
10:30 AM	<b>Responding to Early Signs of Distress</b> When is it time for a new wearing course? From single and double chip seals and bar seals to micro surfacing and slurry seals, each treatment has a unique set of advantages.		

**CONTINUING EDUCATION CREDITS AVAILABLE**

## EVENT REGISTRATION

**Register at [preservemiroads.org](http://preservemiroads.org)  
or <https://2017mrpacitycountyworkshop.eventbrite.com>**

**Early registration: \$30 per person | Late registration: After March 28 - \$45 per person**
